### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

It is noted of the Nash, Jr. et al. reference (20040084348). In figs. 8-9, Nash teaches a support having ribs 850. Inter alias, Fig. 8 fails to teach one of the base being adhered to the bottom (cl. 1), and the ribs being substantially perpendicular to the bases (cl. 1, 9). Fig. 9 also fails to teach the ribs in a flat position relative to the base. It is also noted of the Esposito reference, it is submitted that there is no motivation to provide the connector and the support formed from a one-piece blank with the ribs.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
